SPINNAKER SUPPORT

CISO

Spinnaker Shield for Third-Party Support

A Holistic Defense-in-Depth Framework

CISOs are tasked with the responsibility of defending their organizations against ever-evolving cyber threats that endanger sensitive data, reputation, and operational continuity. Spinnaker Shield, available exclusively with our Third-Party Support (3PS), offers a proactive alternative to vendor patching. 3PS replaces vendor support to ensure your software thrives beyond the vendor's roadmap. Our comprehensive approach combines people, processes, and technology to deliver robust security across your technical stack.
