

Procurement

Spinnaker Shield for Third-Party Support

Flexible, Cost-Effective Support

In today's evolving cybersecurity landscape, procurement leaders face the dual challenge of sourcing solutions that are both effective and adaptable. Spinnaker Shield, exclusively part of our Third-Party Support (3PS), provides a proactive alternative to vendor patching. 3PS replaces vendor support to ensure your software thrives beyond the vendor's roadmap. Spinnaker Support, stands out as an ideal partner, aiming to navigate these complexities with a tailored approach enabling organizations to remain secure while enjoying the adaptability and peace of mind.

SPINNAKER SHIELD COMES STANDARD WITH THIRD-PARTY SUPPORT

SOFTWARE

- Oracle
- SAP
- VMware

INTERNAL TEAM SIGN-OFF

- CISO - Explain alternative approach to patching through defense-in-depth approach.

OUR SERVICES

Through our holistic defense-in-depth approach, we provide the necessary hardening to keep your organization secure and in compliance without receiving patches from the OEM. Spinnaker provides:

- **Security Assessments** - We help you identify weaknesses to improve the security of your systems by providing guidance on hardening and configurations.
- **Advisory Audit Compliance** - We help you adjust your controls to stay compliant under a third-party support model.
- **Vulnerability Management Support** - We are proactive in resolving your security concerns, even for your customizations.
- **Security Bulletins** - We continually evaluate OEM security issues and regularly publish bulletins describing product vulnerabilities and best practices for improving hardening standards and mitigating these vulnerabilities.

Spinnaker Support is your trusted partner supporting you at each step along your journey

COMPLIANCE COMPATIBILITY

- HIPAA
- SOC2
- NIST
- PCI-DSS
- National and International Regulatory Bodies
- And most regulatory standards

CERTIFICATIONS

- ISO 27001:2022
- ISO 9001:2015
- GDPR Compliant
- Privacy Shield Frameworks
- Cyber Essentials Certified

OUR DIFFERENTIATORS

Our comprehensive solution is included in our third-party software support offerings featuring a dedicated team of security experts analyzing, evaluating, and providing guidance on your IT ecosystem:

- **Cost-Effective Support:** Providing high-quality support services at a fraction of the cost of traditional vendors, maximizing your IT budget with contract flexibility.
- **Risk Mitigation:** Improved processes, compliance, and best practices.
- **Proactive Security:** Our engineers assess your system by targeting weakness categories and implementing attack surface reduction measures.
- **Achieve Regulatory Compliance:** Regardless of the age of your software, Spinnaker will keep your Oracle, SAP, and VMware software estate within compliance.
- **Risk Reduction:** Comprehensive safeguards to lower exposure and ensure operational stability.
